

MEDIPOS ANNOUNCEMENT

Dear Members

As you are aware, MEDIPOS was placed under Provisional Curatorship in February of 2023, following an application by the Registrar of the Council for Medical Schemes (CMS). However, as trustees of the Board, we believe that the Registrar did not follow due process, and the Board lodged an application to have the ruling dismissed.

Whilst it has taken longer than we anticipated, I am pleased to advise that the Court has passed down judgement and turned over the decision to remove the Board, and with immediate effect, the Trustees of the Scheme have been re-instated.

For those of you who are interested, a copy of the Judgement and the Court Ruling has been posted on the MEDIPOS website, and can be found by clicking the on the following link <https://medipos.co.za/newsletters/>

As I am sure you will appreciate, we will need to regroup as a Board, and we will be communicating with you on the way forward in due course.

We are aware that the AGM has been scheduled for the 29th of July, and we believe that it will be an opportune time for the Board to engage with the members and we look forward to seeing you.

Yours in Health

Nombulelo Ngubane

Chairperson of the Scheme
